

Now that's value!

Patrons at Marcello's in Toebben's North Bend Square enjoy Chicken Cacciatore, Rack of Lamb & Zuppa Di Pesce from Sous Chef Stevie Blaze & Owner/Executive Chef Salvatore Pizzo.

After 40 years in the restaurant industry, Salvatore Pizzo knows opportunity. So when an old friend convinced Sal to open a restaurant in this area, his first choice for a location was a space at Toebben Companies' North Bend Square in Hebron, Kentucky.

"The demographics are great, as is the potential for growth and the average income," says Sal. "I did my research and found that a casual dining place featuring Italian, steak or seafood would work well here. So, I did all three."

Sal's restaurant "Marcello's Bistro & Bar" opened in July 2009 and is already generating a loyal following.

"Customers like the value we offer," explains Sal, "you get a lot of fresh made, authentic cuisine at a very reasonable price. From our Beef Wellington to our Seafood Newburg to even the homemade bread, no one leaves hungry."

Sounds like a good match with a landlord who takes great pride in the North Bend property (also Sal's words). If you too have value to offer, consider teaming up with Toebben for your next commercial, retail, or industrial project.
