

**"I wouldn't move  
if I had the  
chance"**

*Charles D. Horning, DDS  
Mall Road Center, Florence KY*

**P**retty strong words. But Dr. Charles Horning feels pretty strongly about his office at Mall Road Center. Almost 27 years ago he was the very first tenant in the newly constructed Toebben Companies' building. It's prime location down the street from the "just opened" Florence Mall gave the young dentist an edge in building his client base.

Toebben Companies effectively determined Dr. Horning's long term office needs, resolved any building issues, and over the years have been complete professionals as Toebben management passed from father to sons.

The result? A very happy dentist. If you don't feel as strongly about your office then maybe it's time you move - to a Toebben building! Call today for retail, office, and industrial space throughout the Northern Kentucky/Greater Cincinnati area:
