

A great location with room to grow

For over ten years, Dr. Tiffany Schussler has trained and practiced dentistry. She's been in Indiana, Louisiana, and currently Ohio. When opening her own practice though, Kentucky was her state of choice. And where exactly in Kentucky? At Toebben Companies' North Bend Square in Hebron, KY.

"The Hebron area is growing," explains Dr. Schussler. "But I like that it's not so saturated -- it's a balance of city and country. Once the office is open my husband and I plan to purchase a home here."

And what convinced her to choose Toebben's North Bend Square over other builders' developments?

"This location has room for my practice to grow," says Dr. Schussler. "And Toebben has an excellent reputation for quality and service. They keep me updated, they're always available to answer my questions and they're on schedule. I'm looking forward to moving into my new office in June."
