

“Now we **watch**
the traffic instead of
wait in it.”

*David Schneider & Wilbert Ziegler, Attorneys at Law
Toeppen Executive Center at I-75/71 & Buttermilk Pike*

For over thirty years law partners David Schneider and Will Ziegler fought Cincinnati traffic to get to their Covington offices. And once they got there, they parlayed for precious parking spots. But even for seasoned lawyers, some battles aren't worth fighting forever.

As one of the first tenants in the Toeppen Executive Center in Crescent Springs, David and Will now have the luxury of *watching* the traffic instead of sitting in it. Their convenient location off I-75's Buttermilk Pike exit attracts both employees and clients alike.

“Once we saw how easy it was to get into the downtown area,” says Will, “we were sold.”

The Toeppen Executive Center's expansive Class A floor space also helped Ziegler & Schneider's many law partners consolidate their smaller branch offices into one. Plus Toeppen's friendly, responsive staff didn't hurt either.

We all have battles to fight. Traffic shouldn't be one of them. Call today:
